WHAT IS 'LONDON MUMS'

'London Mums' is THE FREE and INDEPENDENT peer support group for mums and mumpreneurs based in London. London Mums support each other through the joys and challenges women face with raising their children in a metropole. In addition to sharing views, chats and tips online, London Mums strongly believe in face-to-face interaction and organise ongoing activities for mums (and dads) and children – parties, multilingual playgroups, seminars and workshops, trips to exhibitions at the National Gallery, movies at the local cinema, nature walks, etc. The service is run by mums and mumpreneurs for other mums and children and is FREE for everyone to join.
